

11/16/20

Proposed Policy revision for the IPP on December 9, 2020.

Please see below for the proposed revision for the Indian Policies and Procedures.

Per school attorney guidance, the IPP is a Board Policy, which is influenced by community input but should not be governed by outside entities since policy making is a School Board responsibility. Therefore, the recommendation to the school board on December 9, 2020 is to remove the signature page on the IPP (Page 5).
