April 20, 2021

Dissemination of April 14, 2021 Community Input Meeting Information

On April 14, 2021, Timber Lake School District held a Community Input Meeting in the theatre of Timber Lake School. Eleven people were in attendance in addition to the five school board members.

Superintendent Martin reviewed the Native American Participation data. Mrs. Amanda Hermes reviewed the federal programs handout which included details concerning Title I, REAP-FLEX, RLIS, Title VI, Impact Aid, JOM, and federal funding connected to COVID. The RLIS application was recently amended to use the remaining funds to purchase graphing tablets for MS/HS math. Mrs. Hermes also reviewed information related to the COVID relief federal funding classified as ESSER II.

School administration and the school board discussed academic achievement data. Due to the COVID Pandemic, state assessment data is two years old. Our students are currently completing state and district assessments.

Sincerely,

Dan Martin, Superintendent

Mission Statement

"Timber Lake School provides a safe environment that empowers students to become critical thinkers and responsible lifelong learners in a changing society."
